

CLINTON CITY NEWSLETTER

2009

IMPORTANT INFORMATION.....

No smoking in Public Outdoor Areas

Davis County Health Department's "NO SMOKING" rules are now being enforced in Clinton. By State Law the County Health Board regulations supersede local laws dealing with the same subject. The Health Board regulation prohibits smoking in "Any outdoor public or private place open to the general public regardless of any fee or age requirement. Examples of OUTDOOR PUBLIC PLACES include but are not limited to: parks, PLAYGROUNDS, recreational areas, golf courses, amphitheaters, fair grounds, sports fields, amusement parks, swimming pools, concession stands, boweries, bleachers, plazas, cemeteries, public gardens, outdoor eating areas, COMMON AREAS, walking/running trails and pathways and skate parks."

If you wish to read the text in its entirety, go to the County Health Departments web site at, [www.daviscountyutah.gov/documents/health/regulation on smoking in outdoor public places.pdf](http://www.daviscountyutah.gov/documents/health/regulation_on_smoking_in_outdoor_public_places.pdf). Look for the new signs that will soon be in the City Parks. Please be considerate of others and refrain from smoking in public places.

No Dogs Allowed in New Park

The New City Park, located between 850 W. and 1500 W. on 2300 N., has the same park rules as all the other City parks. This new park is mostly finished and has been getting use from the public, particularly the new walking track and play areas. Currently this is a **No Dogs Allowed** park, this includes the walking track. Please be considerate of others and leave your canines at home when visiting the park.

**For more information
about Clinton City
visit our website
www.clintoncity.net**

The Davis County **Head Start Program** is now accepting registration for the 2009-2010 school year. This is a free program for families who are income eligible. There are several programs for children (from infant to 5 yrs old) and their parents that families may qualify for. All programs include services for children with special needs. Please call the Family Enrichment Center at 801-402-0650 for more information.

Xeriscape Yard and Park Strip Projects

- For those of you who plan to redo your entire front yard into a Xeriscape (water-wise plants) yard, or who plan to modify the park strip area around your home, you may need a special **free** permit from the City. Please check with the City Planning Department before pursuing these extensive projects. There is a "front yard landscape" Ordinance in effect which guides the "look" of the landscape. For more information call 801-614-0740. You can also read about these landscape guidelines on the City web site under the Zoning Ordinances, chapter 3.21. www.clintoncity.net/Portals/0/City%20Code/zoning_ordinances/chp3.pdf.

COMMUNITY ENHANCEMENT PROGRAM

Clinton Recreation Building 1651 W 2300 N

THURS. MAY 14, 2009 - 7:00 PM

*Getting started learning Digital Scrapbooking
Lots of information about
free resources will be available
Presented by Rebecca Nichols*

THURS. JUNE 11, 2009 - 7:00 PM

*101 ways to prepare Rotisserie Chicken
Learn how to extend your dollar economically &
nutritionally
Presented by Marge Baird
An author of several cookbooks*

SAT. JULY 18, 2009 10:00 AM - 12:00 NOON

*In conjunction with **Heritage Days** we will have our **2nd annual Quilt & Craft Show** at the Clinton Recreation Building 1651 W 2300 N. Due to last year's success, we will make it even bigger and better this year. Come and see beautiful quilts and other handcrafted items made by our own Clinton neighbors.*

If you would like to display your handiwork, or have questions or suggestions regarding the Community Enhancement program, please contact: Suzanne Pearson at 801-776-3558; Suzanne Phillips at 801-773-6310; Cheri Reed at 801-825-0238; Karen Petersen at 801-825-6966; or Danielle Merritt at 801-825-1883.

CLINTON CITY RECREATION DEPARTMENT

~~~ Upcoming Events ~~~

### SUMMER BOOKLETS ARRIVE BY MAIL

You should have received a summer booklet in the mail with all of the upcoming recreation programs for the summer. If you do not receive your booklet, please give us a call or drop by the recreation department to pick one up. Remember we are now located at 1651 West 2300 North (West of City Hall on 2300 N).

### IMPORTANT DATES TO PUT ON YOUR CALENDAR!!!

May 1st – Registrations begin for all summer classes  
May 19th – Games begin for 3rd - 12th grade baseball / softball  
May 19th – Practice begins for T-Ball and Pee Wee Leagues

### SWIMMING LESSONS

Swimming lessons will be held for boys and girls 8 years and older at the Clearfield Pool. The cost is \$35 for Clinton residents and \$45 for non-residents. The lessons will begin Friday, June 12th and continue for 8 sessions through August 8th. Transportation is available.

### TENNIS LESSONS

Tennis lessons will be offered in two sessions for boys and girls ages 7 - 16 for beginners and intermediate/advanced players. The first session will run June 8th thru June 19th, Monday thru Friday. Beginner's class will be 8:00 – 9:00 a.m. and intermediate will be 9:00 – 10:00 a.m. The second session will run July 6th thru July 19th (same times as listed above). The lessons will be held at the new Clinton City Park courts (2300 N 1500 W New Civic Center) and the cost is \$30 for residents and \$40 for non-residents.

### TUMBLING LESSONS

Clinton City, in conjunction with "Head Over Heels" is offering tumbling classes for ages 18 months to 16 years old. The classes will run June 10th thru June 26th and July 7th thru July 23rd. Cost is \$35 for residents and \$45 for non-residents. Space is limited, so sign up early. For more information contact Clinton City Recreation Department at 801-614-0780.

### DANCE LESSONS

Clinton City in conjunction with Rhythm Works Dance Studio, will be offering Jazz, Ballet, Hip-Hop and Cheer classes. The cost is \$35 for residents and \$45 for non-residents. See your summer brochure for dates and times.

### GOLF LESSONS AND GOLF CAMP

Classes will be held at Schneiter's Bluff in West Point for ages 7 to 16 on Wednesdays, June 16th to July 8th, from 10:00 a.m. to 11:00 a.m. The cost is \$40 for residents and \$50 for non-residents. Participants will be transported by bus. Clubs will be provided if the participant does not have any. Buses will pickup at 9:30 a.m. and drop off at 11:30 a.m.

We will also be hosting a golf Camp that is ideal for year round school students. The golf camp meets Monday thru Thursday from 10:00 – 11:15 a.m. the week of July 20th - July 23rd. Transportation is also provided for this camp.

### BOWLING CAMP

In conjunction with SPARETIME FAMILY FUN CENTER in Roy, Clinton Recreation will offer a Bowling Camp July 6<sup>th</sup> – 10<sup>th</sup>. Bus transportation is included and the cost for the camp is \$35 for residents. Call the Recreation Department at 801-614-0780 for more information.

## Clinton City Heritage Days

Preparations are in the works for our annual Heritage Days Celebration to be held July 13<sup>th</sup> thru 18<sup>th</sup>. This year's celebration will include activities including: Fishing Derby, Chuckwagon Dinner and entertainment, golf tournament, 3 on 3 basketball tournament, Professional Carnival, Concert series, Car Show, Parade, Fun Run, Breakfast in the Park, booths, food, entertainment, fireworks, 3 on 3 soccer, youth golf tournament, movie in the park and a chalk art festival. Limited booth space is available. If you are interested in renting a booth or receiving information on any of these activities, please call the Recreation Department at 801-614-0780.

*Pre-sale carnival tickets (the most economical way to attend the carnival and ride rides) are on sale now at the Recreation Department—1651 West 2300 North in Clinton.*

### Kids in the Park

The Kids in the Park summer recreation program for children ages 5-12 years old meets Monday thru Thursday from 9:00 a.m. to noon at Veterans Park. Children participate in a wide variety of activities including sports and games, field trips, arts and crafts, and water games. The program runs June 8<sup>th</sup> thru August 13<sup>th</sup> and is very well supervised. Children may sign up to participate all summer long or on a monthly basis. Cost for the entire summer is \$150 for Clinton City residents and \$200 for non-residents. Family discounts are available contact the Clinton City Recreation Department at 801-614-0780 for more info.

**We have a new website !**

Councilmember Barbara Patterson and the Clinton City Recreation Department are in the process of gathering donations for the Heritage Days Celebration and the Golf Tournament. If you or your business would be interested in donating cash or prizes, please contact Councilmember Patterson at 801-698-0779 or the Recreation Department at 801-614-0780. Any donation will be greatly appreciated.

**The SYRACUSE CITY ARTS COUNCIL will hold auditions for PIRATES OF PENZANCE on Thursday, May 28 at the Syracuse Community Center 1912 W 1900 South, Syracuse. Go to <http://scachappenings.blogspot.com> for more information.**

# Clinton City

## 2008 Water Quality Report

We're pleased to present to you this year's Annual Water Quality Report. This report is designed to inform you about the quality of the water, the services we deliver every day and what it means to you, our customer. Our constant goal is to provide you with a safe and dependable supply of drinking water. We want you to understand the efforts we make to continually improve the water system and protect our water resources. We are committed to ensuring the quality of your water.

### Where does my water come from?

The majority of our water is supplied by the Weber River and several creeks along the Wasatch Front. Deep well water is used to supplement the surface water resources, if necessary. This water is treated by and purchased from the Weber Basin Water Conservancy District.

### Monitoring

Clinton City's drinking water is routinely monitored for components in accordance with Federal and Utah State laws. The following table shows the results of monitoring for the period of January 1<sup>st</sup> to December 31<sup>st</sup>, 2008. The following definitions will help you understand the terms and abbreviations.

**Non-Detects (ND)** - laboratory analysis indicates that the constituent is not present.

**Range: Low to high** - For water systems that have multiple sources of water, the Utah Division of Drinking Water has

given water systems the option of listing the test results of the constituents in one table, instead of multiple tables. To accomplish this, the lowest and highest values detected in the multiple sources are recorded in the same space in the report table.

**Parts per million (ppm) or Milligrams per liter (mg/l)** - one part per million corresponds to one minute in two years or a single penny in \$10,000.

**Parts per billion (ppb) or Micrograms per liter (ug/l)** - one part per billion corresponds to one minute in 2,000 years, or a single penny in \$10,000,000.

**Picocuries per liter (pCi/L)** - picocuries per liter is a measure of the radioactivity in water.

**Nephelometric Turbidity Unit (NTU)** - nephelometric turbidity unit is a measure of the clarity of water. Turbidity in excess of 5 NTU is just noticeable to the average person.

**Maximum Contaminant Level (MCL)** - The "Maximum Allowed" (MCL) is the highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.

**Maximum Contaminant Level Goal (MCLG)** - The "Goal" (MCLG) is the level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.

### WEBER BASIN CENTRAL

| TEST RESULTS                                                               |               |                   |                  |      |     |         |                                                          |

| Bromodichloromethane                                                     | N | ND – 3.1  | ppb |     |      | 1.1  | By-product of drinking water chlorination  |
| Chloroform                                                               | N | ND – 11.6 | ppb |     |      | 5.0  | By-product of drinking water chlorination  |
| Dibromochloromethane                                                     | N | ND – 1.1  | ppb |     |      | 0.4  | By-product of drinking water chlorination  |

*Arsenic, Lead, Nitrate, Radon and Cryptosporidium are regulated more closely. Notice of any detection is required.*

### What does this mean?

MCL's are set at very stringent levels. To understand the possible health effects described for many regulated constituents, a person would have to drink 2 liters of water every day at the MCL for a lifetime to have a one-in-a-million chance of having the described health effect.

### Why are there contaminants in the water?

All sources of drinking water are subject to potential contamination by constituents that are naturally occurring or are man made. Those constituents can be microbes, organic or inorganic chemicals, or radioactive materials. All drinking water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that the water poses a health risk.

Information about contaminants and potential health effects can be obtained at the following websites

[www.weberbasin.com](http://www.weberbasin.com); [www.drinkingwater.utah.gov](http://www.drinkingwater.utah.gov);  
[www.epa.gov/safewater](http://www.epa.gov/safewater)

### Should special precautions be taken?

Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by cryptosporidium and other microbiological contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

### Source Protection

Clinton City has a Drinking Water Source Protection Plan

that is available for review to our customers at our public works office. It provides more information on potential sources of contamination and our source protection areas.

### Violations

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. We had no violations in 2007.

### Conservation

Water is a valuable resource and should not be wasted. With increasing growth taking place along the Wasatch Front, the demand for water will increase. Conservation now will benefit everyone in the future. Water conserving ideas can be found at the following websites: [www.slowtheflow.org](http://www.slowtheflow.org);  
[www.conservewater.utah.gov](http://www.conservewater.utah.gov) or  
[www.conservationgardenpark.org](http://www.conservationgardenpark.org)

Weber Basin has also created a Water Conserving Learning Garden display at 2837 E. Highway 193 in Layton. For more information you can call 801-771-1677 or [www.weberbasin.com](http://www.weberbasin.com).

We want our valued customers to be informed about their water utility. If you have any questions about this report or concerns about your water utility, please contact John Wyan at 801-614-0870, or attend our city council meetings. Meetings are held on the second and fourth Tuesday of every month at 7:00 p.m. at the main city building located at 2267 N 1500 W. The city's website is also available at [www.clintoncity.net](http://www.clintoncity.net)

We at Clinton City work around the clock to provide top quality water to every tap. We ask that all our customers help us protect our water sources, which are the heart of our community, our way of life and our children's future.
